Theo	Woodward	Inverell		?	-	Feb 73	?

Please note:

- Over the period shown above there were occasions when the Commonwealth and State Governments provided extra funding through "drought unemployment relief" schemes. Some of the people employed through these schemes proved to be unsuitable for the work, and were not on the job for long. In many cases they were only able to be given a few weeks work as a temporary relief measure under the program: hence the large numbers of short-term employees on this list during those periods;
- Unfortunately we have been unable to retrieve complete files on all staff to record EOD and LDD dates but research is continuing;
- Not all employees on this list were Bingara residents but all were employed and paid through the Prickly-pear Destruction Commission Bingara office.

MORE INFO?

If any relatives of the people listed here have more information to add, please let me know...
